### EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Claims 3, 5 and 6 are rejoined to the examined claims since the claims are limited to GRK5. Claims 3, 5 and 6 depend from allowable claim 34 to further limit the independent claim 34, which are also found allowable.

Authorization for this examiner's amendment was given in a telephone interview with Dinesh Agarwal on May 22, 2007.

The application has been amended as follows:

Claim 6 was amended as "The method of claim 1, wherein: the disruption comprises an increase in cytosolic GRK5".

Claim 35 was amended as "A method of detecting Alzheimer's pathogenesis in a transgenic mouse with increased soluble beta amyloid ( $A\beta$ ) or an Alzheimer's Disease patient comprising measuring the content of G-protein receptor kinase (GRK5) in membrane fractions from the brain of said patient or mouse and comparing the content to that of an unaffected control, wherein a decrease in membrane content of GRK5 indicateds Alzheimer's pathogenesis."

Claim 34 was renumbered as claim 1. Claims 3, 5, 6, 9-11 and 13 were renumbered as claims 2-8. Claims 35 and 36 were renumbered as claims 9-10.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
